Dear Harold,

Since my friend in Montrose has not been able to obtain copies of past issues of Paris Match I am sending you the ones I have, since I think they will be more useful in your hands than in mine.

Gary Schoener was also wanting past issues of P.M but, as I say, as yet my friend has been unable to obtain anyjso I'm afraid I'll have to disappoint him.

I don't know if the issues will give you any new information — I speak very little French, so I didn't really gather too much from them save the photos.

I got the 26 volumes but as yet I have not been able to obtain a copy of Sylvia Meagher's Index.

Have you any books near to publication? I'm looking forward to reading your book on the Autopsy. Gary also mentioned a book COUP D'ETAT. You mentioned Davonay in London — could you possibly give me his address — I would like to ask him a questions concerning the photo work.

Hope you get these issues before the Christmas mail rush.

Yours faithfully, Chris Longbottom
